Dr McLANE'S VERMIFUGE

The American Worm Specific omptly Expels Worms to an almost incredible number ! TO substantiate the above fact many hundreds of testimonials could be adduced, out of which the following are selected, from individuals of standing and veracity. Indeed it is confidently affirmed that each new trial of the powers of this remedy will have an additional tendency to widen and confirm its fame, and that if it were universally known and diffused over the United States, it ald not save less than many hundreds, if not thousands of lives

I do certify that a vial of Mr. McLane's American Worm Specific expelled five hundred and two whole worms, and pieces that would have made saxty more, from a boy of John Lewelling, which, it laid in a straight line, would have most probably measured the enormous length of one hundred yards. This is to certify, that having been associated with Dr. McLane in the practice of medicine for nearly two and a half years, I have had many opportunities of witnessing the good effects of his Liver Fills, and I believe they have cured and relieved a much larger proportion of the diseases of the liver than I have known cured or
